

SIEM AIMERY – CLV 01

**Drammen Yard congratulates
Siem Offshore with the Siem Aimery**

**We have delivered the complete
Cable Lay Equipment Package**

SIEM

OFFSHORE CONTRACTORS

Cable Lay Equipment

The vessel is specifically engineered to offer a high cable carrying capacity without sacrificing workability offshore. Additionally, by handling the cable via quadrant and track system in an environmentally protected working hangar, the risk of damage to the cable is reduced and offshore workability is increased.

One electric carousel, 2,500 t loading capacity, ID 4 m/OD 18 m/height 4 m

One electric carousel, 1,750 t loading capacity, ID 4 m/OD 16 m/height 4 m
